

### **INDUSTRY OVERVIEW:**

Energy industry plays a vital role for the economic development of any country. Pakistan like other developing countries of the region is facing a serious challenge of energy deficit while experiencing rapid growth in energy demand. The country requires a sustainable energy security plan with maximum utilization resources and the development of renewable sources as part of the overall energy mix.

### **CONFERENCE OVERVIEW:**

POGEE Conference has built up a strong reputation in the region for bringing in key energy experts & professionals from around the globe. It provides various networking opportunities among the exhibitors, delegates, visitors & attendees for simulating international discussions and exchange of global experience.

The 12th international Conference for Oil, Gas, & Energy Industry aims to discuss emerging prospects for developing the existing & future avenues of regional cooperation.

### **2016 PROPOSED PROGRAM**

The program committee invites you to submit proposals for discussion on the following suggested topics and also welcomes original research contributions:

#### **TOPICS TO BE COVERED:**

- Necessary infrastructure required to facilitate current demands for LNG
- LPG option as a Clean Fuel; Prospects and Challenges
- From Coal Pit to Power Grid
- Global Energy Security and its Geo-political Implications
- Energy Crisis in Pakistan – Problems and Solutions
- Power Sector Reform in Pakistan: Issues and Challenges
- Role of Regulatory Authority towards the Sustainable Development of Energy & Power
- Role of Pakistan's Untapped Energy Potential in the Development of South Asian Economies
- Prospects for Energy Trade between Central Asia and Pakistan
- Clean Energy Options for Pakistan

#### **BENEFITS OF PARTICIPATION - AS A SPEAKER**

- Address a highly interactive forum where industry leaders gather to exchange key industry knowledge
- Share your valuable experiences
- Reach a highly targeted and focused audience
- Cater to the challenges by interacting with industry professionals and drive new solutions
